“THE LABORERS ARE FEW”

“Faithful Workers to Harvest ”

“The Harvest Truly Is Plenteous”

LESSON OBJECTIVE

To understand the necessity of asking God to send faithful workers into His harvest fields.

LESSON OVERVIEW

Jesus doesn't say to recruit or solicit laborers. He tells us to pray for God to send laborers. We may be able to pressure people to work, but it won't last. Only God can move men and women to answer the call to service.

THE LABORERS ARE FEW

Open your eyes to see the harvest before you. God has placed each of us in different places for different reasons. Pray for those whom God places in our paths each day. God wants to use you to help bring in the harvest. Are you a willing vessel fully committed for His use? There is no limit to what God can do with a heart fully committed to Him.

THE LABORERS ARE FEW

We do not have to wait for the harvest . God has already called some of us to sow, others to nourish the seed, and some of us to be His instruments of harvest. The harvest was prepared long before we came alone. God has had people planting little spiritual seeds in the hearts of men and women down through history.

THE LABORERS ARE FEW

We promote our ideas, our pet projects, and forget that we are laborers together with God. Far too many of us, like the disciples in the periscope of the woman at the well in Samaria, have selective vision. We want to choose to whom we will witness. Maybe those whom we have in mind are not ripe enough for harvest.

THE LABORERS ARE FEW

God's work is never done. There are lost and hurting people everywhere. There are children who need to be taught God's Word. People are still trying to find the peace of God through a maze of religious requirements. People are still confused and aimless. Many are battered and bruised by life's circumstances. There is still an abundance of suffering, abuse and poverty. Jesus was and is concerned about human needs; we should and must be, also.

THE LABORERS ARE FEW

Many of us are activity-centered and not God-centered. We are too preoccupied with expanding our own agendas and not concerned about the spiritual poverty in our communities.

THE LABORERS ARE FEW

1. The Church is not a Religious Club.
2. The Church is not a Burial Society.
3. The Church is not a Well-Fair Agency.
4. The Church is not a Political Porn.
5. The Church is not a Social Society.
6. The Church is not a Ministry of The Government.
7. The Church is not a Business for Personal Career and Profit.

THE LABORERS ARE FEW

Laborers are not volunteers; they are selected and called by God. Then they are taught, enabled, and sent. God does not send workers to harvest His fields without teaching them first. He coaches them to have some personal and very essential encounters with Him. One cannot serve adequately if he or she does not know the purpose and design of God's work. Jesus taught his disciples before He sent them out.

THE LABORERS ARE FEW

1. The church does not exist for heaven but for earth. We are so heavenly minded, we are so in to condemning ourselves . John 16:7 Go ye into all the world.. Heaven and Earth belong to God. The Earth is the Lord and the earth is not hell. When you stay on earth you are still in the present of God.
2. The church was created for earth not heaven.
God give us trials so you can be a living testimony, so others can see that someone have gone through many trials right here on earth, and no one but God could have delivered them through their trials. God has reconciled with his children through the blood and body of his Son Jesus Christ.

Salvation has many benefits. If you want to go to hell; reject Jesus Christ our Lord & Savior !
